

Dear Friends and Family of Temple,

After the long disruption of COVID, we have been gathering in person every Sunday for the past number of months. We have been encouraged by those who have chosen to attend services in person, and those who have chosen to join online every Sunday. Our children's and youth programs are in full swing including Treehouse, Girls' and Boys' Clubs, SONIC (Jr. High) and Beloved (Sr. High). Men's and Women's groups, Prayer Meeting, and our Senior's Group (JOY) are also in full operation.

What is most encouraging is the excitement around the arrival of our lead pastor Terry Norris and his wife Dureen, along with Isaiah and Eli. They have been a blessing to our church family over these past few months. Terry and our Elder's vision for Temple of "*Loving God Passionately, Serving Neighbours Generously and Growing in Christ Intentionally*" has been powerfully delivered so clearly and practically by Terry. It has been exceptionally challenging to our hearts and well received. The Lord has been so present in the worship services through the singing, giving, preaching, and teaching. We have been encouraged, challenged, convicted, and shown a God-honouring path to see the vision lived out in our own personal lives. We are being blessed.

We now want to reconnect with everyone who has called Temple their spiritual home over the past number of years. **We would ask everyone who receives this communication to answer some very simple questions to help us identify how we can best move forward with those who are part of our Temple Family.**
